Summary

A funnel for waste-bags for a 10L HÅLLBAR bin so that waste doesn't miss the bag

This funnel can be used to trap a waste-bag under so that food waste doesn't miss the bag.

Printing can be tricky, I've split it in two pieces that I printed on the side (see the gallery), but I'm sure it can also be printed flat or in one piece. I glued together the two sides.

The cover photo shows the 15mm high version, I've attached a deeper 25mm version that should work even better.
